

## ***Outdoor 4G-LoRa water meter gateway***

This gateway uses LoRa communications, one GPS & one LTE antenna ports and is powered through 48 VDC PoE. Its LoRa interface operates in ISM bands and supports end- devices with class A & C, Listen Before Talk, Spreading Factor, Adaptive Data Rate (ADR) and GPS Timing and Geo-Localization Service.

- Operating voltage 1x230V or 3x 230/400V
- Voltage range: 0.8 Un – 1.2 Un
- Frequency: 50 Hz
- Protection Class: IP54
- Storage flash memory: 256MB
- EMC compliant with Directive 2004/108/EC
- Dimension: 160x112x58 mm
- Weight: 0.7kg
